2025 End of Year Report

Message from the Executive Director

As we reflect on this past year, I am deeply grateful for the faithfulness, generosity, and dedication that have made our work at *The Value of One* possible. This year has been marked by meaningful progress in the fight against human trafficking and by powerful testimonies from survivors whose lives have been impacted through rescue, care, and restoration.

Throughout the year, our efforts were primarily focused in the United States and South Africa, where we worked alongside trusted partners to identify victims, support survivors, and advance prevention and awareness initiatives. We have witnessed firsthand how the Lord has blessed this ministry, opening doors, providing resources, and allowing us to serve in ways that only He could orchestrate.

I want to extend my sincere gratitude to our donors and supporters. While many of you may not be physically present in the field, your financial support is absolutely vital. Your generosity enables trained teams to operate on the ground, provides care and resources for survivors, and sustains the mission day by day. Simply put, this work could not be done without you.

At the same time, this year's report makes clear that the need remains great. There are still countless victims waiting to be rescued, and much work lies ahead. This reality compels us to press forward with renewed commitment, prayer, and resolve.

As we look toward 2026, we do so with hope and expectation, praying that the Lord will continue to guide, strengthen, and expand this ministry as He has in 2025. We are thankful for each of you and look forward to continuing this mission together in the year ahead.

Thank you for standing with us in faith, purpose, and action.

Sincerely,

Weston Parks
Executive Director
